Back To Pre-War Prices

warranted in offering another ten per cent discount on all new

It has been about three mouths since we gave our first discount of ten per cent. That added to the ten per cent we are now

offering makes a discount of twenty per cent from the war-time

prices. This reduces the selling prices on our new Pianos to pre-war—prices a saving of from \$100 to \$200 on a new Piano.

If you are in the market for a Piano, we would respectfully request that you visit all the different Piano Stores in El Paso,

get their prices, then come to our store and compare prices, and quality of Pianos as well. Every new Piano sold by our house

is absolutely guaranteed to stand this climate or your money
